***Reviews***

*It is an awesome book that we have possibly go through. It is actually written in straightforward words and phrases and not confusing. It is extremely difficult to leave it before concluding, once you begin to read the book.*

**HOT, FLAT, AND CROWDED : WHY THE WORLD NEEDS A GREEN REVOLUTION - AND HOW WE CAN RENEW OUR GLOBAL FUTURE. WINNER OF THE GETABSTRACT INTERNATIONAL BOOK AWARD 2008. RELEASE 2.0**

Penguin UK Nov 2009, 2009. Taschenbuch. Condition: Neu. Neuware - Thomas Friedman's phenomenal The World is Flat helped millions of people see globalization in a new way. Now he takes a fresh, provocative look at the biggest challenge facing us today - our hot, flat and crowded world. Climate change and rapid population growth mean that it's no longer possible for businesses, or the rest of us, to keep doing things the same old way. Things are going to have to change - and fast. Here Friedman provides a bold strategy for clean fuel, energy efficiency and conservation that he calls 'Code Green'. It will change everything, from what we put into our cars and see on our electricity bills to how we live our lives. Hot, Flat and Crowded is fearless, forward-looking and rich in common sense about the challenge - and the promise - of the future. 528 pp. Englisch.
