## OCCASIONAL PAPERS OF THE BERNICE PAUAHI BISHOP MUSEUM OF POLYNESIAN ETHNOLOGY AND NATURAL HISTORY, VOL. 7: NO; 10; WITH PLATES XVII-XIX; FISH POISONING IN THE HAWAIIAN ISLANDS, WITH NOTES ON THE CUSTOM IN

Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Excerpt from Occasional Papers of the Bernice Pauahi Bishop Museum of Polynesian Ethnology and Natural History, Vol. 7: No; 10; With Plates XVII-XIX; Fish Poisoning in the Hawaiian Islands, With Notes on the Custom in Southern Polynesia One of the many methods of fishing practiced by Hawaiians was the halo, a term which signifies: (1) the material as prepared for fishing, (2) the particular system of fishing, (3) to take fish by poison. As the food of the Hawaiians consisted largely of fish, they, like other Polynesians, were expert fishermen. Not only were their fishing implements well developed, but their working knowledge of the habits of the local fishes was remarkably good. It may seem surprising, therefore, that a people so largely dependent on fish food should resort to a method which with the mature fish destroyed also the immature. But this quick and certain means of taking fish being carried on during only part of the year, the damage to the fishing industry was probably not so great as might be expected. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
