Createspace, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Choking one s chicken is something that, until now, has been something that men have had to learn on their own. This is not something that anyone ever teaches you. It s not shaving or how to ride a bike. Even when sex education comes up, masturbation is always left out. Additionally, alas, this is a subject that men, young and old alike, really hate discussing. We men often make fun of each other and use jerking off as an insult to our peers. There is never a frank discussion and there is certainly no comparing notes on what does and does work and what is and is not fun. I started writing about sex and sexual topics, like this, some years back. I wanted to put my experiences out there, in a serious discussion and how to format. The topics that I have written about, are sadly the ones that are always left out of sex ed presentation, and even more sadly they are the ones that everyone seems to want to know about. This is my latest attempt at bringing light into the darkness and instructing people how to have better, more enjoyable sex in a more confident manner. It is, as always, my sincere hope that you find this manual useful and helpful and that you experience a richer, more satisfying sex life because of it.
