

Guiding Teams to Excellence With Equity: Culturally Proficient Facilitation (Paperback)

Filesize: 3.92 MB

Reviews

The publication is fantastic and great. It can be rally exciting throgh reading period of time. I am just very happy to inform you that this is the greatest publication i actually have read in my very own daily life and could be he very best ebook for at any time.

(Prof. Alvis Wuckert)

GUIDING TEAMS TO EXCELLENCE WITH EQUITY: CULTURALLY PROFICIENT FACILITATION (PAPERBACK)

[DOWNLOAD](#)

SAGE Publications Inc, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book. Guide your school through its cultural proficiency transformation Despite the best efforts of equity leaders, our schools suffer from persistent inequities. Guiding Teams to Excellence with Equity is a must-read for anyone who values equity and excellence and supports the professional learning of adults in our schools. Author John Krownapple helps readers develop as culturally proficient facilitators, and equips them with the skills, tools, and techniques to navigate the obstacles that arise during systemic equity transformations. Includes a powerful, running vignette that illustrates common challenges, principles, and solutions Focuses on mental models for managing group energy Is grounded in a systems model for personal and organizational transformation Provides a range of tools for planning culturally proficient learning experiences This is the book leaders need to learn how to facilitate a group s journey from awareness to commitment to action in support of inclusion and equity. What John has done here is remarkable. He s taken the intuitive art of facilitation, illustrated it with a story, and explained it with theory, data and graphic examples. It s clear, cohesive, comprehensive, and integrated. I like that we follow one story throughout, and that a plethora of facilitation techniques are embedded in that story. I particularly like how facilitation is contrasted with training. John has broken the facilitation rubric into bite-sized pieces, which makes it useful to leaders of professional learning. I love this book; Guiding Teams to Excellence with Equity is a book we ve all been waiting for. Kikanza Nuri-Robins, Author of Fish Out of Water Based in abundant research, this valuable book contains myriad strategies and protocols for building collective efficacy in educational teams. It is a must for those who wish to perfect their...
