Reviews

*This book is great. I have go through and so i am confident that i will going to read through once again again in the future. I am just easily can get a satisfaction of looking at a written book.
(Miss Vernie Schimmel)*

REIKI FOR ANGELS (PAPERBACK)

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.In this thesis on the physics of Reiki energy, Dr. Blaney uses the language of 21st century physics to explain what Reiki energy is, how you can feel and channel it, and how to ensure your hands-on healing technique is maximally effective for your clients and loved ones. To date, Reiki teaching methods have been direly lacking in clear and concise explanations of the true nature of Reiki energy, and have provided little scientific support for its existence and ability to heal. Blaney fills this gap beautifully, drawing on the latest research in energy medicine, physics, and metaphysics, presenting a new, more useful and clearer view of the energy healing process. Your clients will greatly benefit from your newfound knowledge of Reiki energy, its true source, and how to channel it properly.
