It is really an incredible publication which i actually have possibly read through. It really is written in easy phrases and not confusing. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Springer-Verlag Gmbh Aug 2016, 2016. Buch. Book Condition: Neu. 218x156x15 mm. Neuware - This book presents an historical and sociological account of the Italian mafia-type organisation known as the 'ndrangheta. It draws together diverse perspectives on the various 'ndrangheta clans and their behavioural models, focusing specifically on their organisational skills, their bonds with Calabrian society and Calabrian communities around the world, their mobility, and their characterisation as poly-crime organisations. The authors demonstrate that 'ndrangheta clans have an innovative way of being and doing mafia work through a dense network of relationships both in the 'upperworld' and in the 'underworld', a particularly acute sense of business, a reputation built on the protection of blood and family ties, and, last but not least, a symbiotic relationship and camouflage within Calabrian society. By focusing on both the structures and the activities of the clans and with findings based on judicial documents, this book explores why the 'ndrangheta is today labeled as 'the most powerful Italian mafia'. It will be of great interest to upper-level students and scholars of organised crime and sociology. 122 pp. Englisch.
