## SAGITTA (PAPERBACK)

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Dr. Tala Matapang thought the most challenging part about getting kidnapped by slavers from another planet would be escaping, not butting heads with the obstinate Star Guardian captain who rescued her. She's been working in his sickbay, and it's refreshing not having to deal with the politics and bureaucracy she faced as a surgeon back home, but Captain Sagitta is as infuriating as he is handsome. He's got this crazy plan to take her and the other women home against his government's wishes, and he didn't even consult them about it first. Captain Sagitta Sage of Dethocoles believes in doing the right thing. That's why he's defying his government to take Tala and the other Earth women home. Unfortunately, he has a couple of problems. First, his government is sending a surprisingly aggressive pursuit after them. Second, he's having a hard time imagining dropping Tala off and never seeing her again. She's a capable doctor and is doing an excellent job heading up his sickbay. More than that, he's attracted to her and is starting to care about her. Too bad he's better at barking orders than sharing feelings, and he seems to argue with her every time they speak. With trouble stalking the ship from behind and obstacles blocking the route ahead, Sage and Tala will have to form a bond and learn to work together, or neither of them will see their home worlds again.
