

A Text-Book of Human Physiology (Classic Reprint) (Paperback)

By Albert P Brubaker

Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from A Text-Book of Human Physiology If the organs, however, are subjected to a further analysis, they can be resolved into simple structures, apparently homogeneous, to which the name tissue has been given epithelial, connective, muscle, and nerve tissue. When the tissues are subjected to a microscopic analysis, it is found that they are not homogeneous in structure, but composed of still simpler elements, termed cells and fibers. The investigation of the internal structure of the organs, the physical properties and structure of the tissues, as well as the structure of their component elements, the cells and fibers, constitutes a department of anatomic science known as histology, or as it is prosecuted largely with the microscope, microscopic anatomy.
