

Capitallessism: A Macro Model for a Strong National E-Economy

Filesize: 7.54 MB

Reviews

*A high quality pdf as well as the typeface applied was exciting to see. It really is written in simple words and phrases rather than difficult to understand. You will not really feel monotony at any time of your time (that's what catalogs are for relating to in the event you question me).

CAPITALLESSISM: A MACRO MODEL FOR A STRONG NATIONAL E-ECONOMY

DOWNLOAD

Xlibris, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.About the Book: a blueprint for national E-economy. ?5 STAR rating by Pacific Book Review. MICHAEL MOORE tells us his new movie will change America. OUR BOOK WILL TELL YOU HOW? MY BOOK TRAILER ç CAPITALLESSISM proposes : ?a strong free-enterprise-based democratic national E-economy model when no capital is available, either because of a crisis or by speculations. ?.scientific solutions for a capital-less public cooperative banking system. ?.economic engineering to create a commodity-based virtual-capital, ?.a national public bank, ?.a nationalized artificial capital creation process called ?fractional-reserve-banking? rights, licensed back to banks (in return for sharing the created public-E-capital with the government), and various processes to activate its E-capital circulation, This is not Socialism, nor Communism. It is COMMUNITY-ISM based on human and spiritual values where inequalities will still exist resulting from individual efforts, but everybody has a fair financial starting chance for free enterprise. Some of our controversial ideas are not politically right. Austerity is outdated. The nature of national debts may be reexamined. It is inspired by Roosevelt?s second bill of rights and Edison?s visions of a commodity-based currency. Our MACRO-MODEL is inspired by our efficient blood circulatory system, which provides oxygen to trillions of cells. We copy this for an efficient ?E-capital? circulation model to assure survival and to sustain everyone?s productivity. Excerpts Pacific Book Review ??CAPITALlessISM,? interestingly compares our economic system to a biological circulatory system. ? the prototype for economic engineering. ?? is a mindset of a macro-model for redesigning our inefficient national economy. ? that remedies a lack of capital?The human factor and spiritual God element are fundamental. ? a decrease of inequalities among people and an emphasis on democracy, ?.Benefit .includes...
