Sunny s adventure begins when she is contacted by her biological father, MI5 agent Nicholas Cassian, who also has a visual impairment. He gives her important information about her missing mother, Stevie. The clues take Sunny, her friends Kat and Leo, and her faithful guide dog, Dickens, all the way to England. There she meets a half sister she never knew she had, as well as a grandmother. As Sunny learns more about her mother and her possible involvement in a sketchy medical experiment, she starts having disturbing premonitions of Stevie on the run. She also begins to suspect she s becoming telepathic. Sunny is determined to save Stevie, but is this mystery too much for her to handle? Sinister forces hope to use Sunny for their own evil goals, and her visions may not be enough to protect her.
